## CHRISTIAN CHARITY

Christian Charity & Transforming  
Poverty Into Productivity

August 15-18, 2018

TRINITY  
FREE PRESBYTERIAN  
CHURCH

TRINITY, ALABAMA

for **GOD**  
and **TRUTH**

“Striving for the fire of God in the souls of men”

For God and Truth was founded in 2009 by a group of men who love the Reformed and Protestant heritage that Western Civilization enjoys. For God and Truth desires to bring a renewed focus on the reality and excellence of a living relationship with the God of Scripture. This is best accomplished by the preaching of God’s precious Word. Expository preaching enables us to discover the wide field of Scriptural application for every area of life. We expectantly look for God’s blessing as men of like precious faith join together for concentrated times of biblical teaching, prayer, and fellowship in various settings.

**For God and Truth 2018:  
The Church at Home & Abroad**

Regardless of the themes, all truly biblical learning must come in the context of worship. Head, heart, and hand must be connected together to effectively serve God.

To this end, every conference day begins with singing, a morning devotion, and corporate prayer. Gospel love and fire is the only effective and lasting foundation for conforming our every thought to the pattern of Christ and His Word.

This year’s topic explores Christian charity and how the church transforms poverty into productivity—especially in light of the modern challenges of humanitarian aid societies and a welfare state. This conference will prove to be a wonderful avenue for fellowship, knowledge, encouragement, and most importantly growing closer to the image of our Savior.
